*Fort William, Home Department, Legislative,

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 21st of August 1847, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT NO. XII. OF 1847.

An Act for repealing the Law which authorizes the imposition of fines on Moonsiffs and Sudder Ameens.

Whereas it was enacted, by Clause 3, Section 9, Regulation XXIII. of 1814, of the Bengal Code, that in cases of misconduct and neglect of duty which might not be of a nature to require the suspension or dismissal of a Moonsiff from his office, the Judge should be authorized to impose on the Moonsiff a fine not exceeding Twenty Rupees in amount, and that the order of the Judge in such case should be final:

And whereas by Section 67 of the said Regulation the provision above recited, was declared amongst other things to be applicable to the office of Sudder Ameens, as well as to that of Moonaiffs:

And whereas the provision above recited, is no longer adapted to Moonsiffs and Sudder Ameens, in the more elevated Judicial position which they now occupy:

It is therefore hereby enacted, that Clause 3, Section 9, Regulation XXIII. of 1814, and Section 67 of the said Regulation, so far as it declares the said Clause to be applicable to Sudder Ameens, are repealed.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 21st of August 1847, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT NO. XIII. OF 1847.

An Act for repealing Act XIV. of 1839 so far as it relates to the Emigration of Natives of India to the Island of Ceylon.

I. Whereas by Act XIV. of 1839 it was enacted, that every person who should make with

any Native of India any contract for labor to be performed in any British or Foreign Colony without the Territories of the East India Company, or who should knowingly abet or aid any Native of India in emigrating from the said Territories for the purpose of being employed as a laborer, should be liable on conviction before a Magistrate or Justice of the Peace, to a fine not exceeding 200 Rupees for every Native so contracted with, aided or abetted, and in default of payment of such fine, should be liable to be imprisoned for a term not exceeding three months:

Provided always that nothing in that Act contained should be taken to apply to any Native Seaman who should of his own free will contract to navigate any Vessel, or who should embark on board such Vessel in pursuance of such contract, or to any person who should contract to serve as a Menial Servant only, or who should embark as such Menial Servant:

And whereas the Island of Ceylon geographically, historically and socially considered is analogous to the Countries subject to the Government of the East India Company:

It is hereby enacted, that Act XIV. of 1839 in so far as it makes liable to penalties every person who shall make with any Native of India any contract for labor to be performed in the said Island, or who shall knowingly aid or abet any Native of India in emigrating from the Territories subject to the Government of the East India Company to the said Island, is repealed.

II. But whereas the said Island is not subject to the Legislative power of the Governor General of India in Council, so that the said Governor General in Council is unable to make Laws for the protection of such Natives of India as may emigrate to the said Island against the evils which might attend the emigration of such Natives of India from the said Island to any British or Foreign Colony:

It is therefore hereby enacted, that this Act shall not come into operation until the Governor General of India in Council shall be duly certified that the Legislature of the said Island has made such Laws as the said Governor General in Council shall think sufficient for the protection of such Natives of India so emigrating to the said Island against the evils aforesaid, and shall notify in the Gazette that he has been so certified.

GENERAL POST OFFICE, MAY 1847.

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto; the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

On Newspapers, each Newspaper Office in Calcutta and Madras, will be allowed to receive two Newspapers at the ordinary rates of Inland post-

age, on all other Newspapers forwarded by Express a postage of five Rupees each will be charged, and no Newspaper will be received for the Express exceeding three tolas in weight.

N. B. One tola and a quarter is nearly equivalent to half an ounce avoirdupoise.

NOTICE.—With reference to the London Post Master General's Notification regarding the rates of postage to be charged upon Letters received from Bombay by the Government Express, which was published with a notice from this Office of yesterday's date, the following Letter since received from the Post Master General of Bombay on the subject, is also published for general information.

Fort William, Genl. Post Office, }

No. 966 of 1847.
General Department.

To W. TAYLER, Esquire,
Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas*; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Over-

land Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 tolas, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.

THE following Memorandum drawn out by the Political Agent of Bhopaul, is published for general information:

Memorandum regarding Daks for Travellers within the Bhopaul Political Agency.

July 21st 1847.

1. A Dak consisting of 8 Palkee Bearers of 1 or 2 Banghy Burdars if required, and of 1 or 2 Mussalchies, will be furnished at the rate of eight annas (Company's Currency,) per mile, English.

2 On the two main roads between Saugor to Mhow, and between Saugor and Hoshungabad, the Bhopaul authorities furnish Daks from Bhilsa and Tappa in the one case, and from Bhilsa and Hoshungabad on the other. The distances are respectively, 97 miles and 76 miles, according to the Post Office routes, viz. as follows: Bhilsa to Bhopaul 30, Bhopaul to Tappa 67, and Bhopaul to Hoshungabad 46 miles. The distance between Bhopaul and Sehore is reckoned at 21 miles.

3. Should a traveller be detained for less than 24 hours, no demurrage will be charged; if he is delayed more than a day then for the second day in whole or part, and so for the 3d day, &c., he will be charged 3 annas (Company's Currency,) for each man at each stage—that is 3 annas a day per man, beyond the first day.

4. As delays occasionally occur in going from Saugor to Mhow at Tappa, where the Mhow Bearers should take up the Dak, the Bhopaul Bearers will, if necessary, carry the traveller on to the next stage, Peoppleea, each man employed receiving 4 annas (Company's Currency,) for the extra stage.

5. It is advisable always to give, if possible, seven days notice about laying a Dak, as the majority of the bearers have to be sent to their respective stages from the town of Bhopaul.

6. No Daks can be laid as a rule on other roads, but every endeavour will be made to accommodate travellers on timely notice being given.

STEAM TO DACCA AND GOWAHUTTEE
IN ASSAM.

GOVERNMENT having decided on opening a Steam Communication with Gowahuttee in Assam *via* Dacca and Serajunge, notice is hereby given, that the first boats for this line, a Steamer and a Flat, will be despatched on the 13th Proximo; and the communication be continued Monthly for THREE YEARS.

The following Regulations and Rates of Charge for accommodation of Passengers, and conveyance of Goods on the Government Boats employed in the above Navigation, are published for general information:

Of Passage.

All applications for Passage on the Government Boats proceeding to Dacca and Assam, must be made at the Boat Office in Calcutta, and all applications for Cabins on the Boats returning from Assam, must be made to the Steam Boat Agent at the nearest place to that of embarkation.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows:

Burrisaul,.....	200 Miles.
Dacca,.....	300 "
Seraj Gunje,.....	400 "
Dewan Gunje,.....	450 "
Bugwah,.....	500 "
Gowalpara,.....	550 "
Gowahuttee,.....	600 "

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing cases and all other packages, as cases of Millinery, Saddlery, Glass and Earthen-ware, Beer and Wines, and other Stores, will be stowed in another part of the vessel; and to the extent of half a ton, or 25 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{2}$ past 8, Biscuit, &c. at noon, Dinner at 3 p. m., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person. Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasure laden in Calcutta, or for which tonnage is reserved in Calcutta, and which do not exceed in weight 35 lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or $17\frac{1}{2}$ seers per cubic foot, will be charged by the weight.

From Dacca and places near Calcutta, 5 annas per maund, $2\frac{1}{2}$ annas per foot.

It is intended that the Boats shall leave Calcutta the 13th of every month, except when the 13th falls on a Sunday, when they will be dispatched on the 12th. The following is the estimated time the Boats will take, and the date on which they will probably arrive at the different Stations up and down, leaving Calcutta on the 13th to get back there, by the 9th the boats will reach—

Freight on Copper Coins will be charged by the weight at 8 Pie per lb. from Calcutta—and down and intermediately, the same as on weighable Goods.

Treasure is deliverable to the Bill of Lading only, and parties neglecting to apply for Treasure will be subjected to additional Freight for the distance it may become necessary to carry it in consequence of their negligence.

Applications for Freight on the Vessel downward must be made to the Steam Boat Agent at Gowahuttee or Seraj Gunje, or at the nearest Station, by letter, describing the Goods to be despatched, their weight and measurement.

The Steam Agent will in reply, name the Boat in which he assigns tonnage, and if from any cause, as damage to the Boat, deviation from her intended voyage on unexpected demand on account of Government, a circumstance likely seldom to occur, the tonnage should be rendered non-available, the party for whom such tonnage has been registered must bear the inconvenience, and he will have no claim for indemnification by assignment of Freight in another Vessel to the detriment of any other person who may have engaged tonnage subsequently to the disappointed party, whose right to tonnage will be limited to such as may be available in the Vessel previously named, but in that Vessel, the claim to such tonnage as may remain available will be acknowledged according to priority of application. Thus the entire tonnage of a Boat may have been assigned in rotation by the Steam Agent to A. B. and C., after which the Government unexpectedly make a demand for more or less, the remaining portion will go to satisfy the claim of A. then of B. &c. The latter applications being thrown out partially or wholly, as the case may be.

The Agent will be instructed to acknowledge the applications made to him for tonnage in the following terms:—"Sir, in reply to your letter of the 1st instant I beg to say tonnage for chests of Indigo and maunds of Sugar is assigned to you on the Registered No. of application."

The Agent is instructed to keep a correct Register of daily assignments, and to transmit a copy daily to the Controller of Steam Vessels.

The Boats will make the following stoppages, at different stations, during daylight :

At Burrisaul,	.	.	.	3	hours.
" Dacca,	.	.	.	4	ditto.
" Seraj Gunje,	.	.	.	4	ditto.
" Dewan Gunje,	.	.	.	3	ditto.
" Bugwah,	.	.	.	3	ditto.
" Gowalpara,	.	.	.	3	ditto.
" Gowahuttee,	.	.	.	48	ditto, clear.

Should Freight not be ready for shipment on the arrival of the Boat at the several stations, the Commander of the Steamer will have peremptory orders to proceed to the next Station.

Treasure laden on a Boat whose progress is arrested, will be retained on board until the Boat is enabled to proceed to her destination, unless the Consignees holding the Bill of Lading of such Treasure may require its delivery, giving a full

acquittance for the Treasure, and receiving such difference of Freight as may have been paid in excess of what would have been charged for conveyance of such Treasure to the place of its delivery.

The Steam Agents at the different Stations make no charge for landing Goods from the Boats into their Godowns; nor for shipping Goods delivered into their Godowns, provided such Goods are not merchandise, intended for traffick, nor animals nor machines for conveyance; for all such they will charge the following rates:

For embarking or landing a Horse, Cow or Bull, Rs. 2.

A Calf, Dog, Sheep, or Goat with or without Kid, Annas 2.

A Barouche, Phaeton, Palankeen Carriage, Britzka, Rs. 3.

A Buggy or Palankeen, Rupee 1.

A Box, Bale, Chest or Cask, large or small, Annas 2.

A bag of Sugar or Saltpetre ditto ditto Anna 1.

When Goods are consigned to Calcutta, it is optional with Shippers to pay the Freight or to leave the same to be collected on delivery of the Goods. Freight must be paid to the Agent or Commander of the Boat for all Goods shipped away from Calcutta, and not deliverable at Calcutta. And no Packages will be received into the Boat Office for transmission on which Freight is not paid at the time.

No. 1885.

Simla, the 18th August, 1847.

In publishing for general information the following Proclamation issued by the Lahore Durbar, prohibiting the practice of Suttee, Infanticide and Child-Stealing in the dominions of His Highness Maharaja Duleep Singh, the Governor General desires to record his cordial approbation of a measure so conducive to the best interests of humanity, and so well calculated to raise the character of the Maharaja's Council, not only in the estimation of the Government of India, but of all civilized nations.

Translation of a Proclamation made by the Lahore Durbar throughout the dominions of Maharajah Duleep Singh, dated 21st July 1847.

The practice of Female Infanticide and Suttee being most iniquitous, as taking away innocent life; and the most learned and virtuous Pundits and Scholars of the Shastras having declared after full enquiry that it is positively forbidden by every sacred Code, the Creator of the Universe having no delight in the contemplation of such enormous cruelty as spilling the blood of His creatures; It is hereby resolved, with the concurrence and approval of Lieutenant Colonel Henry Montgomery Lawrence, C. B., Agent Governor General N. W. Frontier and Resident at Lahore, that the practices aforesaid, together with that of Slave-dealing,

be abolished henceforth and for ever within the dominions of the Lahore Government.

Accordingly it is hereby proclaimed that no Sirdar, or Public Officer, or Landholder, or Cultivator, or any other Subject of Lahore, is to permit the commission of these crimes; either the murder of female infants, or the burning of a widow on the pile of her husband, or the sale of men, women, or children.

And, if after this Proclamation, any one shall be guilty of either of the said offences, it will be the duty of district officers to give immediate information thereof to the Durbar, more especially in cases of stealing and selling children, and if any Kardar shall fail to do so, he will be held personally responsible for the same. Let Public Officers therefore, as soon as ever they hear of anything of the sort, seize and imprison the perpetrators, aiders and abettors therein, and report the same to the Durbar, who will sit in judgment thereon.

And be it known that no distinction will be made between the actual perpetrator of any of the crimes aforesaid, and those who aid or abet him in the perpetration: both will be equally punished.

Written, Signed and Sealed at Lahore on 8th Sawun 1903, with the Royal Signet.

Let all men therefore obey it.

The Governor General has also much pleasure in notifying the accession of Sirdar Lehna Singh to the Council of Regency.

An Act for amending Act XXX. of 1836.

It is hereby enacted, that within the Territories subject to the Government of the East India Company whenever any Court not included under the provisions of Act XIV. of 1844 shall sentence any offender to imprisonment for life under the provisions of Act XXX. of 1836, it shall at the same time sentence such offender to transportation beyond sea for life, unless there should be special reasons inducing the Court to think such prisoner not a proper subject for transportation, which special reasons the Court is hereby directed to record.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 21st of August 1847, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

Act No XII. or 1847.

An Act for repealing the Law which authorizes the imposition of fines on Moonsiffs and Sudder Ameens.

Whereas it was enacted, by Clause 3, Section 9, Regulation XXIII. of 1814, of the Bengal Code, that in cases of misconduct and neglect of duty which might not be of a nature to require the suspension or dismissal of a Moonsiff from his office, the Judge should be authorized to impose on the Moonsiff a fine not exceeding Twenty Rupees in amount, and that the order of the Judge in such case should be final:

And whereas by Section 67 of the said Regulation the provision above recited, was declared amongst other things to be applicable to the office of Sudder Ameens, as well as to that of Moonsiffs:

And whereas the provision above recited, is no longer adapted to Moonsiffs and Sudder Ameens, in the more elevated Judicial position which they now occupy:

It is therefore hereby enacted, that Clause 3, Section 9, Regulation XXIII. of 1814, and Section 67 of the said Regulation, so far as it declares the said Clause to be applicable to Sudder Ameens, are repealed.

G. A. BUSHBY, Secy. to the Govt. of India.

*Fort William, Home Department, Legislative,
the 21st August, 1847.*

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 21st of August 1847, with the assent of the

Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

Act No. XIII. of 1847.

An Act for repealing Act XIV. of 1839 so far as it relates to the Emigration of Natives of India to the Island of Ceylon.

I. Whereas by Act XIV. of 1839 it was enacted, that every person who should make with any Native of India any contract for labor to be performed in any British or Foreign Colony without the Territories of the East India Company, or who should knowingly abet or aid any Native of India in emigrating from the said Territories for the purpose of being employed as a laborer, should be liable on conviction before a Magistrate or Justice of the Peace, to a fine not exceeding 200 Rupees for every Native so contracted with, aided or abetted, and in default of payment of such fine, should be liable to be imprisoned for a term not exceeding three months:

Provided always that nothing in that Act contained should be taken to apply to any Native Seaman who should of his own free will contract to navigate any Vessel, or who should embark on board such Vessel in pursuance of such contract, or to any person who should contract to serve as a Menial Servant only, or who should embark as such Menial Servant:

And whereas the Island of Ceylon geographically, historically and socially considered is analogous to the Countries subject to the Government of the East India Company:

It is hereby enacted, that Act XIV. of 1839 in so far as it makes liable to penalties every person who shall make with any Native of India any contract for labor to be performed in the said Island, or who shall knowingly aid or abet any Native of India in emigrating from the Territories subject to the Government of the East India Company to the said Island, is repealed.

II But whereas the said Island is not subject to the Legislative power of the Governor General of India in Council, so that the said Governor General in Council is unable to make Laws for the protection of such Natives of India as may emigrate to the said Island against the evils which might attend the emigration of such Natives of India from the said Island to any British or Foreign Colony:

It is therefore hereby enacted, that this Act shall not come into operation until the Governor General of India in Council shall be duly certified that the Legislature of the said Island has made such Laws as the said Governor General in Council shall think sufficient for the protection of such Natives of India so emigrating to the said Island against the evils aforesaid, and shall notify in the Gazette that he has been so certified.

G. A. BUSHBY, Secy. to the Govt. of India.

*Fort William, Home Department, Legislative,
the 14th August, 1847.*

The following Draft of a proposed Act was read in Council for the first time on the 14th of August 1847:

Act No. —— of 1847.

An Act for curing the invalidity in the registration of Deeds arising from the fact of having been registered by persons not duly appointed or on other than Court days.

Whereas instances have occurred of persons exercising the office of Register of Deeds who

have not been duly appointed, and whereas in some cases registration of Deeds has been made on other than Court days, that is on days other than those on which the Zillah or City Court has been open for business, and doubts may therefore arise as to whether the registration of any Deed registered by such persons not duly appointed, or registered on other than a Court day, is valid in law:

I. It is therefore hereby enacted, that acts which may have been done in that capacity in any Zillah, subject to the Presidency of Bengal, by persons who have had charge of the office of Register of Deeds without being duly appointed to the said office, shall be and shall be taken to have always been as valid in law as such acts would have been if the said persons had been duly appointed to have charge of the said office.

II. And it is enacted, that all acts which may have been done on other than Court days by the Register of Deeds, or by the person having charge of the office without being duly appointed in any Zillah subject to the Presidency of Bengal, shall be and shall be taken to have always been as valid in law as such acts would have been if they had been done on a Court day.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 14th day of October next.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

No. 966 of 1847.

General Department.

To W. TAYLER, Esquire,
Post Master General, Calcutta.

SIR.—Advertising to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas*; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to *3 tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.

THE following Memorandum drawn out by the
 Political Agent of Bhopaul, is published for gene-
 ral information :

*Memorandum regarding Daks for Travellers within
 the Bhopaul Political Agency.*

July 21st 1847.

1. A Dak consisting of 8 Palkee Bearers of
 1 or 2 Banghy Burdars if required, and of 1 or 2
 Mussalchies, will be furnished at the rate of
 eight annas (Company's Currency,) per mile,
 English.

2. On the two main roads between Saugor
 to Mhow, and between Saugor and Hoshungabad,
 the Bhopaul authorities furnish Daks from Bhilsa
 and Tappa in the one case, and from Bhilsa and
 Hoshungabad on the other. The distances are
 respectively, 97 miles and 76 miles, according to
 the Post Office routes, viz. as follows: Bhilsa to
 Bhopaul 30, Bhopaul to Tappa 67, and Bhopaul
 to Hoshungabad 46 miles. The distance be-
 tween Bhopaul and Sehore is reckoned at 21
 miles.

3. Should a traveller be detained for less
 than 24 hours, no demurrage will be charged; if he
 is delayed more than a day then for the second
 day in whole or part, and so for the 3d day, &c.,
 he will be charged 3 annas (Company's Currency,)
 for each man at each stage—that is 3 annas a day
 per man, beyond the first day.

4. As delays occasionally occur in going from
 Saugor to Mhow at Tappa, where the Mhow
 Bearers should take up the Dak, the Bhopaul
 Bearers will, if necessary, carry the traveller on to
 the next stage, Peoplaea, each man employed re-
 ceiving 4 annas (Company's Currency,) for the
 extra stage.

5. It is advisable always to give, if possible,
 seven days notice about laying a Dak, as the ma-
 jority of the bearers have to be sent to their res-
 pective stages from the town of Bhopaul.

6. No Daks can be laid as a rule on other
 roads, but every endeavour will be made to accom-
 modate travellers on timely notice being given.

No. 4130.

STEAM TO DACCA AND GOWAHUTTEE
IN ASSAM.

GOVERNMENT having decided on opening a Steam Communication with Gowahuttee in Assam via Dacca and Serajunge, notice is hereby given, that the first boats for this line, a Steamer and a Flat, will be despatched on the 13th Proximo; and the communication be continued Monthly for THREE YEARS.

The following Regulations and Rates of Charge for accommodation of Passengers, and conveyance of Goods on the Government Boats employed in the above Navigation, are published for general information:

Of Passage.

All applications for Passage on the Government Boats proceeding to Dacca and Assam, must be made at the Boat Office in Calcutta, and all applications for Cabins on the Boats returning from Assam, must be made to the Steam Boat Agent at the nearest place to that of embarkation.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows:

Burrisaul,.....	200 Miles.
Dacca,	300 "
Seraj Gunje,.....	400 "
Dewan Gunje,.....	150 "
Bugwah,.....	500 "
Gowalpara,.....	550 "
Gowahuttee,.....	600 "

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing cases and all other packages, as cases of Millinery, Saddlery, Glass and Earthen-ware, Beer and Wines, and other Stores, will be stowed in another part of the vessel; and to the extent of half a ton, or 25 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{2}$ past 8, Biscuit, &c. at noon, Dinner at 3 p. m., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person. Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasure laden in Calcutta, or for which tonnage is reserved in Calcutta, and which do not exceed in weight 35 lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or $17\frac{1}{2}$ seers per cubic foot, will be charged by the weight.

From Dacca and places near Calcutta, 5 annas per maund, $2\frac{1}{2}$ annas per foot.

It is intended that the Boats shall leave Calcutta the 13th of every month, except when the 13th falls on a Sunday, when they will be dispatched on the 12th. The following is the estimated time the Boats will take, and the date on which they will probably arrive at the different Stations up and down, leaving Calcutta on the 13th to get back there, by the 9th the boats will reach—

Treasure is deliverable to the Bill of Lading only, and parties neglecting to apply for Treasure will be subjected to additional Freight for the distance it may become necessary to carry it in consequence of their negligence..

Applications for Freight on the Vessel downward must be made to the Steam Boat Agent at Gowahuttee or Seraj Gunje, or at the nearest Station, by letter, describing the Goods to be despatched, their weight and measurement.

The Steam Agent will in reply, name the Boat in which he assigns tonnage, and if from any cause, as damage to the Boat, deviation from her intended voyage on unexpected demand on account of Government, a circumstance likely seldom to occur, the tonnage should be rendered non-available, the party for whom such tonnage has been registered must bear the inconvenience, and he will have no claim for indemnification by assignment of Freight in another Vessel to the detriment of any other person who may have engaged tonnage subsequently to the disappointed party, whose right to tonnage will be limited to such as may be available in the Vessel previously named, but in that Vessel, the claim to such tonnage as may remain available will be acknowledged according to priority of application. Thus the entire tonnage of a Boat may have been assigned in rotation by the Steam Agent to A. B. and C., after which the Government unexpectedly make a demand for more or less, the remaining portion will go to satisfy the claim of A. then of B. &c. The latter applications being thrown out partially or wholly, as the case may be.

The Agent will be instructed to acknowledge the applications made to him for tonnage in the following terms—"Sir, in reply to your letter of the I beg to say tonnage for chests of Indigo and maunds of Sugar is assigned to you on the Registered No. of application."

The Agent is instructed to keep a correct Register of daily assignments, and to transmit a copy daily to the Controller of Steam Vessels.

The Boats will make the following stoppages, at different stations, during daylight :

At Burrisaul,	.	.	.	3	hours.
" Dacca,	.	.	.	4	ditto.
" Seraj Gunje,	.	.	.	4	ditto.
" Dewan Gunje,	.	.	.	3	ditto.
" Bugwah,	.	.	.	3	ditto.
" Gowalpara,	.	.	.	3	ditto.
" Gowahuttee,	.	.	.	48	ditto, clear.

Should Freight not be ready for shipment on the arrival of the Boat at the several stations, the Commander of the Steamer will have peremptory orders to proceed to the next Station.

Treasure laden on a Boat whose progress is arrested, will be retained on board until the Boat is enabled to proceed to her destination, unless the Consignees holding the Bill of Lading of such Treasure may require its delivery, giving a full

acquittance for the Treasure, and receiving such difference of Freight as may have been paid in excess of what would have been charged for conveyance of such Treasure to the place of its delivery.

The Steam Agents at the different Stations make no charge for landing Goods from the Boats into their Godowns; nor for shipping Goods delivered into their Godowns, provided such Goods are not merchandise, intended for traffick, nor animals nor machines for conveyance; for all such they will charge the following rates:

For embarking or landing a Horse, Cow or Bull, Rs. 2.

A Calf, Dog, Sheep, or Goat with or without Kid, Annas 2.

A Barouche, Phaeton, Palaykeen Carriage, Britzka, Rs. 3.

A Buggy or Palankeen, Rupee 1.

When Goods are consigned to Calcutta, it is optional with Shippers to pay the Freight or to leave the same to be collected on delivery of the Goods. Freight must be paid to the Agent or Commander of the Boat for all Goods shipped away from Calcutta, and not deliverable at Calcutta. And no Packages will be received into the Boat Office for transmission on which Freight is not paid at the time.

JAS. SUTHERLAND,
Secretary.

Steam Department, the 27th July, 1847.

N B.—No Package, however small, is conveyed for a less charge than 1 Rupee 8 Annas, either upward or downward.

No. 4689.

PILOT'S TRIAL.

AT a Court assembled on Tuesday, the Twentieth day of July, One Thousand Eight Hundred and Forty-seven, under Act No. 24 of 1845, Mr. Master Pilot James Button Filby, was tried on the following Charges :

First Charge.—For disobedience of the orders and contempt of the authority which prohibits a Pilot from seeking directly or indirectly from the Commander of any Ship, a gratuity for doing his duty as Pilot, which offence is set forth in a Memorial of Henry Richardson, the Commander of the "Fairy Queen," the truth of which was sworn to before the Mayor of Liverpool, as follows:

" That your Memorialist is the Master of the Bark "Fairy Queen," of Dublin, three hundred and nineteen tons register. That in the month of July, in the year one thousand eight hundred and forty-six, your Memorialist sailed from Calcutta to Dublin, having on board Mr. G. F. Filby, one of the Pilots belonging to the first mentioned Port, who was engaged to Pilot the Vessel down the River Hooghly. That at half-past six o'clock on the evening of the eleventh day of July aforesaid, the said G. F. Filby left your Memorialist's Vessel about four miles North-west of the Outer Floating Light Vessel, and went on board the Pilot Brig. That your Memorialist then delivered to the said G. F. Filby a letter to be by him conveyed to Messrs. Church, Lake and Company, of Calcutta aforesaid, Merchants, to whom your Memorialist's Vessel had been consigned.

" That on receiving such letter, the said G. F. Filby enquired of your Memorialist if he had mentioned him the said G. F. Filby in such letter, to which your Memorialist replied in the negative. That the said G. F. Filby appeared very indignant, and informed your Memorialist that he felt himself very much disappointed as he expected a gratuity, and always received one for piloting a Vessel out. That your Memorialist replied that he did not see how the said G. F. Filby could consider himself entitled to any gratuity, as he had not performed any extraordinary services, he having had the assistance of Steam to tow the Ship to Sea, at an expence of one hundred and one pounds, five shillings, she drawing but sixteen feet of water. That the said G. F. Filby stated, that he had performed extraordinary services, in as much as he had not caused the Ship to lose her Anchors and Cables, or to carry away her Cutwater, as he might have done; and finally stated that it would be worse for your Memorialist another time."

Second Charge.—For conduct highly unbecoming a Servant of Government, and calculated to bring into detestation and abhorrence the whole body of the Pilot Service, as set forth in the declaration of the Commander of the "Anne and Jane," sworn before the Major of Liverpool, as follows:

" I, Thomas Smith of Liverpool, in the County of Lancaster, in the United Kingdom of Great Britain and Ireland, Master Mariner, do solemnly and sincerely declare, that I am the Master of the Barque "Anne and Jane." That in the month of July, in the year one thousand eight hundred and forty-six, I was present in the office of Messrs. Church, Lake and Company of Calcutta, Merchants, when Mr. Filby, the Pilot of the "Fairy Queen," of Dublin, returned to Town after piloting that Vessel out to Sea. That he then delivered a letter from Captain Richardson of the "Fairy Queen," to Messrs. Church, Lake and Company, and immediately afterwards enquired if there were any directions therein to pay him any gratuity for piloting the "Fairy Queen" to Sea, and on receiving an answer in the negative, he expressed his indignation at Captain Richardson's not doing so, he then entered into conversation with me and said he was very sorry he did not cut across the Cutwater and Stem of the "Fairy Queen," which he would have done had he known he was not going to receive any thing for piloting her out."

By order of the Superintendent of Marine,
(Sd.) JAS. SUTHERLAND, Secretary.

Fort William, the 25th June, 1847.

Finding.—The Court having maturely weighed and considered, all that has been adduced in support of the prosecution, as well as what has been brought forward on the defence, is of opinion, that the Defendant, Mr. Master Pilot James Button Filby, is

Not Guilty of the First Charge.

Not Guilty of the Second Charge.

And do accordingly fully acquit him, the said Mr. Master Pilot James Button Filby, of the said Charges.

(Sd.) H. PIDDINGTON, President.

(Sd.) H. HOWE, Judge Advocate.

Fort William, Master Attendant's Office, the 29th July, 1847.

The Proceedings having been submitted to Government, and His Honor the Deputy Governor of Bengal, having been pleased to approve and confirm the Finding of the Court, the Master Attendant has been directed to release Mr. Master Pilot James Button Filby from arrest, and to allow him to return to his duty.

By order of the Supdt. of Marine,
JAS. SUTHERLAND, Secretary.
Fort William, the 27th August, 1847.

Act X. of 1847 is republished with a clerical error corrected, Act XXIV. of 1843, having been mentioned therein instead of XIV. of 1844.

By order of the Hon'ble the President in Council,

G. A. BUSHBY, Secy. to the Govt. of India.

ACT NO. X. OF 1847.

Passed by the Hon'ble the President of the Council of India in Council on the 19th of June 1847, with the assent of the Right Hon'ble the Governor General of India.

An Act for amending Act XXX. of 1836.

It is hereby enacted, that within the Territories subject to the Government of the East India Company whenever any Court not included under the provisions of Act XIV. of 1844 shall sentence any

offender to imprisonment for life under the provisions of Act XXX. of 1836, it shall at the same time sentence such offender to transportation beyond sea for life, unless there should be special reasons inducing the Court to think such prisoner not a proper subject for transportation, which special reasons the Court is hereby directed to record.

*Fort William, Home Department, Legislative,

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 21st of August 1847, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT NO. XII. OF 1847.

An Act for repealing the Law which authorizes the imposition of fines on Moonsiffs and Sudder Ameens.

Whereas it was enacted, by Clause 3, Section 9, Regulation XXIII. of 1814, of the Bengal Code, that in cases of misconduct and neglect of duty which might not be of a nature to require the suspension or dismissal of a Moonsiff from his office, the Judge should be authorized to impose on the Moonsiff a fine not exceeding Twenty Rupees in amount, and that the order of the Judge in such case should be final :

And whereas by Section 67 of the said Regulation the provision above recited, was declared amongst other things to be applicable to the office of Sudder Ameens, as well as to that of Moonsiffs:

And whereas the provision above recited, is no longer adapted to Moonsiffs and Sudder Ameens, in the more elevated Judicial position which they now occupy:

It is therefore hereby enacted, that Clause 3, Section 9, Regulation XXIII. of 1814, and Section 67 of the said Regulation, so far as it declares the said Clause to be applicable to Sudder Ameens, are repealed.

G. A. BUSHBY, Secy. to the Govt. of India.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 21st of August 1847, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT NO. XIII. OF 1847.

An Act for repealing Act XIV. of 1839 so far as it relates to the Emigration of Natives of India to the Island of Ceylon.

I. Whereas by Act XIV. of 1839 it was enacted, that every person who should make with any Native of India any contract for labor to be performed in any British or Foreign Colony

without the Territories of the East India Company, or who should knowingly abet or aid any Native of India in emigrating from the said Territories for the purpose of being employed as a laborer, should be liable on conviction before a Magistrate or Justice of the Peace, to a fine not exceeding 200 Rupees for every Native so contracted with, aided or abetted, and in default of payment of such fine, should be liable to be imprisoned for a term not exceeding three months:

Provided always that nothing in that Act contained should be taken to apply to any Native Seaman who should of his own free will contract to navigate any Vessel, or who should embark on board such Vessel in pursuance of such contract, or to any person who should contract to serve as a Menial Servant only, or who should embark as such Menial Servant:

And whereas the Island of Ceylon geographically, historically and socially considered is analogous to the Countries subject to the Government of the East India Company :

It is hereby enacted, that Act XIV. of 1839 in so far as it makes liable to penalties every person who shall make with any Native of India any contract for labor to be performed in the said Island, or who shall knowingly aid or abet any Native of India in emigrating from the Territories subject to the Government of the East India Company to the said Island, is repealed.

II. But whereas the said Island is not subject to the Legislative power of the Governor General of India in Council, so that the said Governor General in Council is unable to make Laws for the protection of such Natives of India as may emigrate to the said Island against the evils which might attend the emigration of such Natives of India from the said Island to any British or Foreign Colony:

It is therefore hereby enacted, that this Act shall not come into operation until the Governor General of India in Council shall be duly certified that the Legislature of the said Island has made such Laws as the said Governor General in Council shall think sufficient for the protection of such Natives of India so emigrating to the said Island against the evils aforesaid, and shall notify in the Gazette that he has been so certified.

Ordered, that the Act be promulgated for general information.

ACT NO. XIV. OF 1847.

An Act for repealing parts of Section III. Regulation IV. 1793, and Section III. Regulation III. 1803, of the Bengal Code.

It is hereby enacted, that so much of Section III. Regulation IV. 1793, and of the corresponding part of Section III. Regulation III. 1803, of the Bengal Code, as requires the transcription of plaints, be repealed.

Pre-Payment of Indian (Inland and Ship) Postage on Covers forwarded to Hong Kong.

GENERAL POST OFFICE, MAY 1847.

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto; the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

No. 966 of 1847.

General Department.

To W. TAYLER, Esquire,
Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas*; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to *3 tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.

J. B. BENNETT,

Deputy Post Master General.

Calcutta, Genl. Post Office, the 12th August, 1847.

THE following Memorandum drawn out by the Political Agent of Bhopaul, is published for general information :

Memorandum regarding Daks for Travellers within the Bhopaul Political Agency.

July 21st 1847.

1. A Dak consisting of 8 Palkee Bearers of 1 or 2 Banghy Burdars if required, and of 1 or 2 Mussalchies, will be furnished at the rate of eight annas (Company's Currency,) per mile, English.

2. On the two main roads between Saugor to Mhow, and between Saugor and Hoshungabad, the Bhopaul authorities furnish Daks from Bhilsa and Tappa in the one case, and from Bhilsa and Hoshungabad on the other. The distances are respectively, 97 miles and 76 miles, according to the Post Office routes, viz. as follows: Bhilsa to Bhopaul 30, Bhopaul to Tappa 67, and Bhopaul to Hoshungabad 46 miles. The distance between Bhopaul and Sehore is reckoned at 21 miles.

3. Should a traveller be detained for less than 24 hours, no demurrage will be charged; if he is delayed more than a day then for the second day in whole or part, and so for the 3d day, &c., he will be charged 3 annas (Company's Currency,) for each man at each stage—that is 3 annas a day per man, beyond the first day.

4. As delays occasionally occur in going from Saugor to Mhow at Tappa, where the Mhow Bearers should take up the Dak, the Bhopaul Bearers will, if necessary, carry the traveller on to the next stage, Peoplea, each man employed receiving 4 annas (Company's Currency,) for the extra stage.

5. It is advisable always to give, if possible, seven days notice about laying a Dak, as the majority of the bearers have to be sent to their respective stages from the town of Bhopaul.

6. No Daks can be laid as a rule on other roads, but every endeavour will be made to accommodate travellers on timely notice being given.

Post Master General.

No. 4130.

STEAM TO DACCA AND GOWAHUTTEE
IN ASSAM.

GOVERNMENT having decided on opening a Steam Communication with Gowahuttee in Assam via Dacca and Serajunge, notice is hereby given, that the first boats for this line, a Steamer and a Flat, will be despatched on the 13th Proximo; and the communication be continued Monthly for THREE YEARS.

The following Regulations and Rates of Charge for accommodation of Passengers, and conveyance of Goods on the Government Boats employed in the above Navigation, are published for general information:

Of Passage.

All applications for Passage on the Government Boats proceeding to Dacca and Assam, must be made at the Boat Office in Calcutta, and all applications for Cabins on the Boats returning from Assam, must be made to the Steam Boat Agent at the nearest place to that of embarkation.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows:

Burrisaul,.....	200 Miles.
Dacca,	300 "
Seraj Gunje,.....	400 "
Dewan Gunje,.....	450 "
Bugwah,.....	500 "
Gowalpara,.....	550 "
Gowahuttee,.....	600 "

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing cases and all other packages, as cases of Millinery, Saddlery, Glass and Earthen-ware, Beer and Wines, and other Stores, will be stowed in another part of the vessel; and to the extent of half a ton, or 25 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{2}$ past 8, Biscuit, &c. at noon, Dinner at 3 p. m., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person. Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasure laden in Calcutta, or for which tonnage is reserved in Calcutta, and which do not exceed in weight 35 lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or $17\frac{1}{2}$ seers per cubic foot, will be charged by the weight.

From Calcutta,

*Per Foot. Per Seer.**

To Burrisaul,.....	8 Ans.	6 Pie.
" Dacca,		
" Seraj Gunje,		
" Dewangunge,	12 Ans.	9 Pie.
" Bugwah,		
" Gowalpara,	1 R.	12 Pie.
" Gowahuttee,.....		

For intermediate distances upwards for Goods not shipped in Calcutta, 3 annas per foot, and 2 pie per seer or 1 pie per pound, will be charged for every 100 miles.

The charge for Freight downwards will be 6 annas per maund for all distances above Dacca; articles weighing less than 35 lbs. or $17\frac{1}{2}$ seers per cubic foot, to be charged by measurement at 4 annas per foot. From Dacca and places near Calcutta, 5 annas per maund, $2\frac{1}{2}$ annas per foot.

Dispatch of Boats, and probable dates of Arrival at different Places.

It is intended that the Boats shall leave Calcutta the 13th of every month, except when the 13th falls on a Sunday, when they will be dispatched on the 12th. The following is the estimated time the Boats will take, and the date on which they will probably arrive at the different Stations up and down, leaving Calcutta on the 13th to get back there, by the 9th the boats will reach—

	<i>Up.</i>	<i>Down.</i>

If brought down to the Presidency are charged 2-3rd of the upward freight.

Freight on Treasure.

To Burrisaul or Dacca,..... $\frac{1}{2}$ per cent.
To any distance beyond, $\frac{1}{3}$ d ditto.

Intermediate ditto Two Pie per mile per thousand.

Freight on Copper Coins will be charged by the weight at 8 Pie per lb. from Calcutta—and down and intermediately, the same as on weighable Goods.

Treasure is deliverable to the Bill of Lading only, and parties neglecting to apply for Treasure will be subjected to additional Freight for the distance it may become necessary to carry it in consequence of their negligence.

Applications for Freight on the Vessel downward must be made to the Steam Boat Agent at Gowahuttee or Seraj Gunje, or at the nearest Station, by letter, describing the Goods to be despatched, their weight and measurement.

The Steam Agent will in reply, name the Boat in which he assigns tonnage, and if from any cause, as damage to the Boat, deviation from her intended voyage on unexpected demand on account of Government, a circumstance likely seldom to occur, the tonnage should be rendered non-available, the party for whom such tonnage has been registered must bear the inconvenience, and he will have no claim for indemnification by assignment of Freight in another Vessel to the detriment of any other person who may have engaged tonnage subsequently to the disappointed party, whose right to tonnage will be limited to such as may be available in the Vessel previously named, but in that Vessel, the claim to such tonnage as may remain available will be acknowledged according to priority of application. Thus the entire tonnage of a Boat may have been assigned in rotation by the Steam Agent to A. B. and C., after which the Government unexpectedly make a demand for more or less, the remaining portion will go to satisfy the claim of A. then of B. &c. The latter applications being thrown out partially or wholly, as the case may be.

The Agent will be instructed to acknowledge the applications made to him for tonnage in the following terms:—"Sir, in reply to your letter of the I beg to say tonnage for chests of Indigo and maunds of Sugar is assigned to you on the Registered No. application."

The Agent is instructed to keep a correct Register of daily assignments, and to transmit a copy daily to the Controller of Steam Vessels.

The Boats will make the following stoppages, at different stations, during daylight:

At Burrisaul,	:	:	:	3	hours.
" Dacca,	.	.	.	4	ditto.
" Seraj Gunje,	.	.	.	4	ditto.
" Dewan Gunje,	.	.	.	3	ditto.
" Bugwah,	.	.	.	3	ditto.
" Gowalpara,	.	.	.	3	ditto.
" Gowahuttee,	.	.	.	48	ditto, clear.

Should Freight not be ready for shipment on the arrival of the Boat at the several stations, the Commander of the Steamer will have peremptory orders to proceed to the next Station.

Treasure laden on a Boat whose progress is arrested, will be retained on board until the Boat is enabled to proceed to her destination, unless the Consignees holding the Bill of Lading of such Treasure may require its delivery, giving a full

acquittance for the Treasure, and receiving such difference of Freight as may have been paid in excess of what would have been charged for conveyance of such Treasure to the place of its delivery.

"Para. 1. With reference to our orders, dated the 8th December 1824, we direct that you relinquish your present practice of drawing Bills upon us on account of the Family Remittances of Non-Commissioned Officers and Soldiers of King's Regiments, and also of the effects of deceased Officers and Soldiers of His Majesty's Regiments in India, and that you adopt the preferable plan of sending us Quarterly Rolls of the sums paid into your Treasury on the above account by the King's Service as you already are in the habit of doing, in the case of payments on similar accounts by the Company's Service.

2. We further direct that in future the Family Remittances made through our Treasury by Officers and Soldiers of His Majesty's Service, be accounted for separately, and that a distinct Roll of the Remittances from each King's Regiment be drawn out and forwarded to us, with the name of the Regimental Agent, to whom the amount of the Roll is to be paid in this Country."

GENERAL POST OFFICE, MAY 1847.

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto; the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolars in weight, two tolars being the maximum weight of letters to be conveyed by Express.

On Newspapers, each Newspaper Office in Calcutta and Madras, will be allowed to receive two Newspapers at the ordinary rates of Inland postage, on all other Newspapers forwarded by Express a postage of five Rupees each will be charged, and no Newspaper will be received for the Express exceeding three tolars in weight.

No. 966 of 1847.

General Department.

To W. TAYLER, Esquire,
Post Master General, Calcutta.

SIR.—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Merchantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas*; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 tolas, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.

J. B. BENNETT,

Deputy Post Master General.

Calcutta, Genl. Post Office, the 12th August, 1847.

THE following Memorandum drawn out by the Political Agent of Bhopaul, is published for general information :

Memorandum regarding Daks for Travellers within the Bhopaul Political Agency.

July 21st 1847.

1. A Dak consisting of 8 Palkee Bearers of 1 or 2 Banghy Burdars if required, and of 1 or 2 Mussalchies, will be furnished at the rate of eight annas (Company's Currency,) per mile, English.

2. On the two main roads between Saugor to Mhow, and between Saugor and Hoshungabad, the Bhopaul authorities furnish Daks from Bhilsa and Tappa in the one case, and from Bhilsa and Hoshungabad on the other. The distances are respectively, 97 miles and 76 miles, according to the Post Office routes, viz, as follows: Bhilsa to Bhopaul 30, Bhopaul to Tappa 67, and Bhopaul to Hoshungabad 46 miles. The distance between Bhopaul and Sehore is reckoned at 21 miles.

3. Should a traveller be detained for less than 24 hours, no demurrage will be charged; if he is delayed more than a day then for the second day in whole or part, and so for the 3d day, &c., he will be charged 3 annas (Company's Currency,) for each man at each stage—that is 3 annas a day per man, beyond the first day.

4. As delays occasionally occur in going from Saugor to Mhow at Tappa, where the Mhow Bearers should take up the Dak, the Bhopaul Bearers will, if necessary, carry the traveller on to the next stage, Peoppleea, each man employed receiving 4 annas (Company's Currency,) for the extra stage.

5. It is advisable always to give, if possible, seven days notice about laying a Dak, as the majority of the bearers have to be sent to their respective stages from the town of Bhopaul.

6. No Daks can be laid as a rule on other roads, but every endeavour will be made to accommodate travellers on timely notice being given.

STEAM TO DACCA AND GOWAHUTTEE
IN ASSAM.

GOVERNMENT having decided on opening a Steam Communication with Gowahuttee in Assam *via* Dacca and Serajunge, notice is hereby given, that the first boats for this line, a Steamer and a Flat, will be despatched on the 13th Proximo; and the communication be continued Monthly for THREE YEARS.

The following Regulations and Rates of Charge for accommodation of Passengers, and conveyance of Goods on the Government Boats employed in the above Navigation, are published for general information:

Of Passage.

All applications for Passage on the Government Boats proceeding to Dacca and Assam, must be made at the Boat Office in Calcutta, and all applications for Cabins on the Boats returning from Assam, must be made to the Steam Boat Agent at the nearest place to that of embarkation.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows:

Burrisaul,.....	200 Miles.
Dacca,.....	300 "
Seraj Gunje,.....	400 "
Dewan Gunje,.....	450 "
Bugwah,.....	500 "
Gowalpara,.....	550 "
Gowahuttee,.....	600 "

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing cases and all other packages, as cases of Millinery, Saddlery, Glass and Earthen-ware, Beer and Wines, and other Stores, will be stowed in another part of the vessel; and to the extent of half a ton, or 25 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{2}$ past 8, Biscuit, &c. at noon, Dinner at 3 p. m., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person. Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasure laden in Calcutta, or for which tonnage is reserved in Calcutta, and which do not exceed in weight 35lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or $17\frac{1}{2}$ seers per cubic foot, will be charged by the weight.

Treasure is deliverable to the Bill of Lading only, and parties neglecting to apply for Treasure will be subjected to additional Freight for the distance it may become necessary to carry it in consequence of their negligence.

Applications for Freight on the Vessel downward must be made to the Steam Boat Agent at Gowahuttee or Seraj Gunje, or at the nearest Station, by letter, describing the Goods to be despatched, their weight and measurement.

The Steam Agent will in reply, name the Boat in which he assigns tonnage, and if from any cause, as damage to the Boat, deviation from her intended voyage on unexpected demand on account of Government, a circumstance likely seldom to occur, the tonnage should be rendered non-available, the party for whom such tonnage has been registered must bear the inconvenience, and he will have no claim for indemnification by assignment of Freight in another Vessel to the detriment of any other person who may have engaged tonnage subsequently to the disappointed party, whose right to tonnage will be limited to such as may be available in the Vessel previously named, but in that Vessel, the claim to such tonnage as may remain available will be acknowledged according to priority of application. Thus the entire tonnage of a Boat may have been assigned in rotation by the Steam Agent to A. B. and C., after which the Government unexpectedly make a demand for more or less, the remaining portion will go to satisfy the claim of A. then of B. &c. The latter applications being thrown out partially or wholly, as the case may be.

The Agent will be instructed to acknowledge the applications made to him for tonnage in the following terms:—"Sir, in reply to your letter of the I beg to say tonnage for chests of Indigo and maunds of Sugar is assigned to you on the Registered No. of application."

The Agent is instructed to keep a correct Register of daily assignments, and to transmit a copy daily to the Controller of Steam Vessels.

The Boats will make the following stoppages, at different stations, during daylight:

„ Bugwah,	.	.	.	3 ditto.
„ Gowalpara,	.	.	.	3 ditto.
„ Gowahuttee,	.	.	.	48 ditto, clear.

Should Freight not be ready for shipment on the arrival of the Boat at the several stations, the Commander of the Steamer will have peremptory orders to proceed to the next Station.

Treasure laden on a Boat whose progress is arrested, will be retained on board until the Boat is enabled to proceed to her destination, unless the Consignees holding the Bill of Lading of such Treasure may require its delivery, giving a full

acquittance for the Treasure, and receiving such difference of Freight as may have been paid in excess of what would have been charged for conveyance of such Treasure to the place of its delivery.

The Steam Agents at the different Stations make no charge for landing Goods from the Boats into their Godowns; nor for shipping Goods delivered into their Godowns, provided such Goods are not merchandise, intended for traffick, nor animals nor machines for conveyance; for all such they will charge the following rates:

For embarking or landing a Horse, Cow or Bull, Rs. 2.

A Calf, Dog, Sheep, or Goat with or without Kid, Annas 2.

Freight must be paid to the Agent or Commander of the Boat for all Goods shipped away from Calcutta, and not deliverable at Calcutta. And no Packages will be received into the Boat Office for transmission on which Freight is not paid at the time.

GENERAL POST OFFICE, MAY 1847.

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto; the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

On Newspapers, each Newspaper Office in Calcutta and Madras, will be allowed to receive two Newspapers at the ordinary rates of Inland postage, on all other Newspapers forwarded by Express a postage of five Rupees each will be charged, and no Newspaper will be received for the Express exceeding three tolas in weight.

NOTICE.—With reference to the London Post Master General's Notification regarding the rates of postage to be charged upon Letters received from Bombay by the Government Express, which was published with a notice from this Office of yesterday's date, the following Letter since received from the Post Master General of Bombay on the subject, is also published for general information.

No. 966 of 1847.

General Department.

To W. TAYLER, Esquire,

Post Master General, Calcutta.

SIR.—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the limited weight of two tolas; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters exceeding two tolas in weight, because such letters cannot be so dispatched. They will invariably be

detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 tolas, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.,

THE following Memorandum drawn out by the Political Agent of Bhopaul, is published for general information:

Memorandum regarding Dakks for Travellers within the Bhopaul Political Agency.

July 21st 1847.

1. A Dak consisting of 8 Palkee Bearers of 1 or 2 Banghy Burdars if required, and of 1 or 2 Mussalchies, will be furnished at the rate of eight annas (Company's Currency,) per mile, English.

2. On the two main roads between Saugor to Mhow, and between Saugor and Hoshungabad, the Bhopaul authorities furnish Dakks from Bhilsa and Tappa in the one case, and from Bhilsa and Hoshungabad on the other. The distances are respectively, 97 miles and 76 miles, according to the Post Office routes, viz. as follows: Bhilsa to Bhopaul 30, Bhopaul to Tappa 67, and Bhopaul to Hoshungabad 46 miles. The distance between Bhopaul and Sehore is reckoned at 21 miles.

3. Should a traveller be detained for less than 24 hours, no demurrage will be charged; if he is delayed more than a day then for the second day in whole or part, and so for the 3d day, &c., he will be charged 3 annas (Company's Currency,) for each man at each stage—that is 3 annas a day per man, beyond the first day.

4. As delays occasionally occur in going from Saugor to Mhow at Tappa, where the Mhow Bearers should take up the Dak, the Bhopaul Bearers will, if necessary, carry the traveller on to the next stage, Peoppleea, each man employed receiving 4 annas (Company's Currency,) for the extra stage.

5. It is advisable always to give, if possible, seven days notice about laying a Dak, as the majority of the bearers have to be sent to their respective stages from the town of Bhopaul.

6. No Dakks can be laid as a rule on other roads, but every endeavour will be made to accommodate travellers on timely notice being given.

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing cases and all other packages, as cases of Millinery, Saddlery, Glass and Earthen-ware, Beer and Wines, and other Stores, will be stowed in another part of the vessel; and to the extent of half a ton, or 25 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{2}$ past 8, Biscuit, &c. at noon, Dinner at 3 p. m., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person. Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasure laden in Calcutta, or for which tonnage is reserved in Calcutta, and which do not exceed in weight 25 lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or $17\frac{1}{2}$ seers per cubic foot, will be charged by the weight.

For intermediate distances upwards for Goods not shipped in Calcutta, 3 annas per foot, and 2 pie per seer or 1 pie per pound, will be charged for every 100 miles.

The charge for Freight downwards will be 6 annas per maund for all distances above Dacca; articles weighing less than 35 lbs. or $17\frac{1}{2}$ seers per cubic foot, to be charged by measurement at 4 annas per foot. From Dacca and places near Calcutta, 5 annas per maund, $2\frac{1}{2}$ annas per foot.

Dispatch of Boats, and probable dates of Arrival at different Places.

It is intended that the Boats shall leave Calcutta the 13th of every month, except when the 13th falls on a Sunday, when they will be dispatched on the 12th. The following is the estimated time the Boats will take, and the date on which they will probably arrive at the different Stations up and down, leaving Calcutta on the 13th to get back there, by the 9th the boats will reach—

Treasure is deliverable to the Bill of Lading only, and parties neglecting to apply for Treasure will be subjected to additional Freight for the distance it may become necessary to carry it in consequence of their negligence.

Applications for Freight on the Vessel downward must be made to the Steam Boat Agent at Gowahuttee or Seraj Gunje, or at the nearest Station, by letter, describing the Goods to be despatched, their weight and measurement.

The Steam Agent will in reply, name the Boat in which he assigns tonnage, and if from any cause, as damage to the Boat, deviation from her intended voyage on unexpected demand on account of Government, a circumstance likely seldom to occur, the tonnage should be rendered non-available, the party for whom such tonnage has been registered must bear the inconvenience, and he will have no claim for indemnification by assignment of Freight in another Vessel to the detriment of any other person who may have engaged tonnage subsequently to the disappointed party, whose right to tonnage will be limited to such as may be available in the Vessel previously named, but in that Vessel, the claim to such tonnage as may remain available will be acknowledged according to priority of application. Thus the entire tonnage of a Boat may have been assigned in rotation by the Steam Agent to A. B. and C., after which the Government unexpectedly make a demand for more or less, the remaining portion will go to satisfy the claim of A. then of B. &c. The latter applications being thrown out partially or wholly, as the case may be.

The Agent will be instructed to acknowledge the applications made to him for tonnage in the following terms:—"Sir, in reply to your letter of the I beg to say tonnage for chests of Indigo and maunds of Sugar is assigned to you on the Registered No. of application."

The Agent is instructed to keep a correct Register of daily assignments, and to transmit a copy daily to the Controller of Steam Vessels.

Should Freight not be ready for shipment on the arrival of the Boat at the several stations, the Commander of the Steamer will have peremptory orders to proceed to the next Station.

Treasure laden on a Boat whose progress is arrested, will be retained on board until the Boat is enabled to proceed to her destination, unless the Consignees holding the Bill of Lading of such Treasure may require its delivery, giving a full

acquittance for the Treasure, and receiving such difference of Freight as may have been paid in excess of what would have been charged for conveyance of such Treasure to the place of its delivery.

The Steam Agents at the different Stations make no charge for landing Goods from the Boats into their Godowns; nor for shipping Goods delivered into their Godowns, provided such Goods are not merchandise, intended for traffick, nor animals nor machines for conveyance; for all such they will charge the following rates:

For embarking or landing a Horse, Cow or Bull, Rs. 2.

A Calf, Dog, Sheep, or Goat with or without Kid, Annas 2.

And no Packages will be received into the Boat Office for transmission on which Freight is not paid at the time.

No. 4903.

AT a Court assembled on Monday, the Ninth day of August, One Thousand Eight Hundred and Forty-seven, under Act No. 24 of 1845, Mr. First Mate Pilot William Henry Harrison was tried on the following

Charge.—Ignorance or negligence in the performance of his duty, whilst in Pilotage charge of the Ship Stalkart, Captain J. Gardner, whereby the said Ship took the ground near the Saugor Point Tripod on the night of the 17th July 1847, and became a complete wreck.

By order of the Superintendent of Marine,

(Signed) JAS. SUTHERLAND, *Secretary.*

Fort William, the 3d August, 1847.

Finding.—The Court having maturely weighed and considered the evidence brought forward in support of the prosecution, together with that adduced on the defence, is of opinion that the defendant Mr. First Mate Pilot William Henry Harrison, is Not Guilty, of the charge preferred against him.

And do therefore acquit him, the said Mr. First Mate Pilot William Henry Harrison, of the said charge.

(Signed) H. PIDDINGTON, *President.*

" " H. HOWE, *Judge Advocate.*

Bankshall, the 20th August, 1847.

Remarks.—The Court desires to remark in explanation of its Finding, that the Ship Stalkart appears to have been most wretchedly found, and with her Crew in a most inefficient state; and that

as far as relates to the carrying into effect the orders of the Pilot, unaccountable delay and slackness appears to have prevailed throughout; and further, that in one instance, that of not informing the Pilot of the state of the Well, most culpable concealment has appeared of a matter of the first importance to the safety of the Vessel and Cargo, which was never communicated to him, neither does it appear in the Log, being most unwillingly avowed by the Chief Officer; the evidence of the Captain being such as to lead the Court at first to suppose that matters were very different.

(Signed) H. PIDDINGTON, Presid. nt.

The Proceedings having been submitted to Government, and His Honor the Deputy Governor of Bengal having been pleased to confirm the finding of the Court, the Master Attendant has been directed to release Mr. First Mate Pilot William Henry Harrison from arrest, and to allow him to return to his duty.

By order of the Superintendent of Marine,

JAS. SUTHERLAND, Secretary.

Fort William, the 7th September, 1847.

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto; the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

No. 966 of 1847.

General Department.

To W. TAYLER, Esquire,
Post Master General, Calcutta.

SIR.—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas*; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.,

THE following Memorandum drawn out by the Political Agent of Bhopaul, is published for general information :

Memorandum regarding Daks for Travellers within the Bhopaul Political Agency.

July 21st 1847.

1. A Dak consisting of 8 Palkee Bearers of 1 or 2 Banghy Burdars if required, and of 1 or 2 Mussalchies, will be furnished at the rate of eight annas (Company's Currency,) per mile, English.

2. On the two main roads between Saugor to Mhow, and between Saugor and Hoshungabad, the Bhopaul authorities furnish Daks from Bhilsa and Tappa in the one case, and from Bhilsa and Hoshungabad on the other. The distances are respectively, 97 miles and 76 miles, according to the Post Office routes, viz. as follows: Bhilsa to Bhopaul 30, Bhopaul to Tappa 67, and Bhopaul to Hoshungabad 46 miles. The distance between Bhopaul and Sehore is reckoned at 21 miles.

3. Should a traveller be detained for less than 24 hours, no demurrage will be charged; if he is delayed more than a day then for the second day in whole or part, and so for the 3d day, &c., he will be charged 3 annas (Company's Currency,) for each man at each stage—that is 3 annas a day per man, beyond the first day.

4. As delays occasionally occur in going from Saugor to Mhow at Tappa, where the Mhow Bearers should take up the Dak, the Bhopaul Bearers will, if necessary, carry the traveller on to the next stage, Peepleea, each man employed receiving 4 annas (Company's Currency,) for the extra stage.

5. It is advisable always to give, if possible, seven days notice about laying a Dak, as the majority of the bearers have to be sent to their respective stages from the town of Bhopaul.

6. No Daks can be laid as a rule on other roads, but every endeavour will be made to accommodate travellers on timely notice being given.

Polt. Agent in Bhopaul.

STEAM TO DACCA AND GOWAHUTTEE
IN ASSAM.

GOVERNMENT having decided on opening a Steam Communication with Gowahuttee in Assam *via* Dacca and Serajunge, notice is hereby given, that the first boats for this line, a Steamer and a Flat, will be despatched on the 13th Proximo; and the communication be continued Monthly for THREE YEARS.

The following Regulations and Rates of Charge for accommodation of Passengers, and conveyance of Goods on the Government Boats employed in the above Navigation, are published for general information :

Of Passage.

All applications for Passage on the Government Boats proceeding to Dacca and Assam, must be made at the Boat Office in Calcutta, and all applications for Cabins on the Boats returning from Assam, must be made to the Steam Boat Agent at the nearest place to that of embarkation.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows:

Burrisaul,	200 Miles.
Dacca,	300 "
Seraj Gunje,	400 "
Dewan Gunje,	450 "
Bugwah,	500 "
Gowalpara,	550 "
Gowahuttee,	600 "

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing cases and all other packages, as cases of Millinery, Saddlery, Glass and Earthen-ware, Beer and Wines, and other Stores, will be stowed in another part of the vessel; and to the extent of half a ton, or 25 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{2}$ past 8, Biscuit, &c. at noon, Dinner at 3 P. M., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person. Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasure laden in Calcutta, or for which tonnage is reserved in Calcutta, and which do not exceed in weight 35 lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or $17\frac{1}{2}$ seers per cubic foot, will be charged by the weight.

The charge for Freight downwards will be 6 annas per maund for all distances above Dacca; articles weighing less than 35 lbs. or $17\frac{1}{2}$ seers per cubic foot, to be charged by measurement at 4 annas per foot. From Dacca and places near Calcutta, 5 annas per maund, $2\frac{1}{2}$ annas per foot.

Dispatch of Boats, and probable dates of Arrival at different Places.

It is intended that the Boats shall leave Calcutta the 13th of every month, except when the 13th falls on a Sunday, when they will be dispatched on the 12th. The following is the estimated time the Boats will take, and the date on which they will probably arrive at the different Stations up and down, leaving Calcutta on the 13th to get back there, by the 9th the boats will reach—

Treasure is deliverable to the Bill of Lading only, and parties neglecting to apply for Treasure will be subjected to additional Freight for the distance it may become necessary to carry it in consequence of their negligence.

Applications for Freight on the Vessel downward must be made to the Steam Boat Agent at Gowahuttee or Seraj Gunje, or at the nearest Station, by letter, describing the Goods to be despatched, their weight and measurement.

The Steam Agent will in reply, name the Boat in which he assigns tonnage, and if from any cause, as damage to the Boat, deviation from her intended voyage on unexpected demand on account of Government, a circumstance likely seldom to occur, the tonnage should be rendered non-available, the party for whom such tonnage has been registered must bear the inconvenience, and he will have no claim for indemnification by assignment of Freight in another Vessel to the detriment of any other person who may have engaged tonnage subsequently to the disappointed party, whose right to tonnage will be limited to such as may be available in the Vessel previously named, but in that Vessel, the claim to such tonnage as may remain available will be acknowledged according to priority of application. Thus the entire tonnage of a Boat may have been assigned in rotation by the Steam Agent to A. B. and C., after which the Government unexpectedly make a demand for more or less, the remaining portion will go to satisfy the claim of A. then of B. &c. The latter applications being thrown out partially or wholly, as the case may be.

The Agent will be instructed to acknowledge the applications made to him for tonnage in the following terms:—"Sir, in reply to your letter of the I beg to say tonnage for chests of Indigo and maunds of Sugar is assigned to you on the Registered No. of application."

The Agent is instructed to keep a correct Register of daily assignments, and to transmit a copy daily to the Controller of Steam Vessels.

The Boats will make the following stoppages, at different stations, during daylight:

" Gowalpara,	.	.	.	3 ditto.
" Gowahuttee,	.	.	.	48 ditto, clear.

Should Freight not be ready for shipment on the arrival of the Boat at the several stations, the Commander of the Steamer will have peremptory orders to proceed to the next Station.

Treasure laden on a Boat whose progress is arrested, will be retained on board until the Boat is enabled to proceed to her destination, unless the Consignees holding the Bill of Lading of such Treasure may require its delivery, giving a full

acquittance for the Treasure, and receiving such difference of Freight as may have been paid in excess of what would have been charged for conveyance of such Treasure to the place of its delivery.

The Steam Agents at the different Stations make no charge for landing Goods from the Boats into their Godowns; nor for shipping Goods delivered into their Godowns, provided such Goods are not merchandise, intended for traffick, nor animals nor machines for conveyance; for all such they will charge the following rates:

For embarking or landing a Horse, Cow or Bull, Rs. 2.

A Calf, Dog, Sheep, or Goat with or without Kid, Annas 2.

Freight must be paid to the Agent or Commander of the Boat for all Goods shipped away from Calcutta, and not deliverable at Calcutta. And no Packages will be received into the Boat Office for transmission on which Freight is not paid at the time.

*Fort William, Home Department, Legislative,
the 11th September, 1847.*

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 11th day of September 1847, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT NO. XV. OF 1847.

An Act for the Survey of Lands in the Town of Calcutta, within the Local limits of the Jurisdiction of Her Majesty's Supreme Court of Judicature.

Whereas it is expedient that a correct Survey should be made of all lands in the Town of Calcutta within the local limits of Her Majesty's Supreme Court of Judicature:

It is therefore hereby enacted, that it shall be lawful for the Governor of Bengal to appoint an Officer to Survey the lands situate within the said local limits, and such Officer shall proceed to Survey the same and to register the names of the owners and occupiers thereof as far as they can be ascertained, and such Officer shall, by public notification, invite all persons owning or occupying lands and tenements within the said local limits to appear before him in person or by duly constituted attorney at whatever place within the said limits his office may be held, and to bring with him all Pottahs, Ground Rent Bills, Bills of Sale, or other writings requisite for the ascertainment of the past and present boundaries of such lands.

II. And it is hereby enacted, that the said Officer shall for the purposes of this Act have full power and authority at all seasonable hours in the day time to enter into and upon any land or tenement within the said local limits, and in and upon the land on which any house, building or other erection is built or building or intended to be built, and into and upon any buildings or any part hereof without being liable to any action at law or suit in Equity, or any other legal proceedings or molestation whatsoever for or on account of such entry into, or of any thing done or to be done in any part thereof in pursuance of this Act.

Provided, that such Officer or Subordinate Officers shall not enter upon any lands or tenements which may be occupied at the time unless with the consent of the occupier thereof, without previously giving the said occupier reasonable notice of his or their intention to do so. Provided also, that if any action shall be commenced in the Supreme Court against any such Officer or Subordinate Officer for any entry made or other thing done under the authority of, or in pursuance of this Act, it shall be lawful for him or them to plead the general issue and to give the special matter in evidence.

III. And it is hereby enacted, that if any person at any time shall obstruct or molest the said Officer or any of his subordinate Officers in the performance and execution of his or their duty, or any thing which they are required to do by or virtue of or in consequence of this Act, every such person so offending shall be guilty of a misdemeanour and shall on conviction before a Magistrate for the Town of Calcutta forfeit and pay for every such offence any sum not exceeding 200 Rupees.

IV. And whereas such notification as is directed by Section 1 of this Act, may not in all cases be effectual, it is therefore hereby enacted, that it shall be lawful for the Surveying Officer to cause any person owning or occupying lands or tenements within the said local limits, or his Agents or representatives, to be served with a special notice under his official seal and signature, stating the purpose for which the attendance of such person is required, and any document essential for the purposes of this Act which such person is to bring with him and the period within which such person is to attend, and if such person cannot be found the notice shall be affixed to the usual place of residence if that be within the said local limits, or if not, then on the Premises to be surveyed. Provided always, that no person shall be required to produce any Title Deed which such person may object to produce.

V. And it is hereby enacted, that for any investigation connected with the purposes of this Act it shall be lawful for the Surveying Officer by writing under his hand to summon any person whatsoever to attend as a witness at a time and place to be specified in such Summons, and that every witness so duly summoned to attend as

aforesaid, who shall not attend, or who attending shall refuse to give evidence on oath or solemn affirmation or declaration, or to answer all such questions as the Surveying Officer may legally demand shall be liable to be attached in the Supreme Court upon complaint made in like manner as if such witness had neglected to attend on any trial in such Supreme Court.

VI. And it is hereby enacted, that any witness examined before such Surveying Officer shall be examined upon oath, which such Surveying Officer is hereby authorized to administer. Provided always, that in all cases wherein a solemn declaration or affirmation would be allowed in Her Majesty's Courts of Judicature to be substituted for an oath, the said Surveying Officer shall substitute such solemn declaration or affirmation for an oath.

VII. And it is hereby enacted, that any witness wilfully and knowingly giving false testimony on oath or solemn declaration or affirmation before such Surveying Officer shall be deemed guilty of wilful and corrupt perjury.

To W. TAYLER, Esquire,

Post Master General, Calcutta.

Sir,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Merchantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas*; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they

cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.,

THE following Memorandum drawn out by the Political Agent of Bhopaul, is published for general information :

Memorandum regarding Daks for Travellers within the Bhopaul Political Agency.

July 21st 1847.

1. A Dak consisting of 8 Palkee Bearers of 1 or 2 Banghy Burders if required, and of 1 or 2 Mussalchies, will be furnished at the rate of eight annas (Company's Currency,) per mile, English.

2. On the two main roads between Saugor to Mhow, and between Saugor and Hoshungabad, the Bhopaul authorities furnish Daks from Bhilsa and Tappa in the one case, and from Bhilsa and Hoshungabad on the other. The distances are respectively, 97 miles and 76 miles, according to the Post Office routes, viz. as follows: Bhilsa to Bhopaul 30, Bhopaul to Tappa 67, and Bhopaul to Hoshungabad 46 miles. The distance between Bhopaul and Sehore is reckoned at 21 miles.

3. Should a traveller be detained for less than 24 hours, no demurrage will be charged; if he is delayed more than a day then for the second day in whole or part, and so for the 3d day, &c., he will be charged 3 annas (Company's Currency,) for each man at each stage—that is 3 annas a day per man, beyond the first day.

4. As delays occasionally occur in going from Saugor to Mhow at Tappa, where the Mhow Bearers should take up the Dak, the Bhopaul Bearers will, if necessary, carry the traveller on to the next stage, Peepleea, each man employed receiving 4 annas (Company's Currency,) for the extra stage.

5. It is advisable always to give, if possible, seven days notice about laying a Dak, as the majority of the bearers have to be sent to their respective stages from the town of Bhopaul.

6. No Daks can be laid as a rule on other roads, but every endeavour will be made to accommodate travellers on timely notice being given.

STEAM TO DACCA AND GOWAHUTTEE
IN ASSAM.

GOVERNMENT having decided on opening a Steam Communication with Gowahuttee in Assam *via* Dacca and Serajunge, notice is hereby given, that the first boats for this line, a Steamer and a Flat, will be despatched on the 13th Proximo; and the communication be continued Monthly for THREE YEARS.

The following Regulations and Rates of Charge for accommodation of Passengers, and conveyance of Goods on the Government Boats employed in the above Navigation, are published for general information:

Of Passage.

All applications for Passage on the Government Boats proceeding to Dacca and Assam, must be made at the Boat Office in Calcutta, and all applications for Cabins on the Boats returning from Assam, must be made to the Steam Boat Agent at the nearest place to that of embarkation.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows:

Burrisaul,.....	200 Miles.
Dacca,	300 "
Seraj Gunje,	400 "
Dewan Gunje,	450 "
Bugwah,.....	500 "
Gowalpara,.....	550 "
Gowahuttee,.....	600 "

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing cases and all other packages, as cases of Millinery, Saddlery, Glass and Earthen-ware, Beer and Wines, and other Stores, will be stowed in another part of the vessel; and to the extent of half a ton, or 25 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{2}$ past 8, Biscuit, &c. at noon, Dinner at 3 p. m., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person. Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasure laden in Calcutta, or for which tonnage is reserved in Calcutta, and which do not exceed in weight 35 lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or 17½ seers per cubic foot, will be charged by the weight.

From Calcutta,

The charge for Freight downwards will be 6 annas per maund for all distances above Dacca; articles weighing less than 35 lbs. or 17½ seers per cubic foot, to be charged by measurement at 4 annas per foot. From Dacca and places near Calcutta, 5 annas per maund, 2½ annas per foot.

Dispatch of Boats, and probable dates of Arrival at different Places.

It is intended that the Boats shall leave Calcutta the 13th of every month, except when the 13th falls on a Sunday, when they will be dispatched on the 12th. The following is the estimated time the Boats will take, and the date on which they will probably arrive at the different Stations up and down, leaving Calcutta on the 13th to get back there, by the 9th the boats will reach—

Freight on Copper Coins will be charged by the weight at 8 Pie per lb. from Calcutta—and down and intermediately, the same as on weighable Goods.

Treasure is deliverable to the Bill of Lading only, and parties neglecting to apply for Treasure will be subjected to additional Freight for the distance it may become necessary to carry it in consequence of their negligence.

Applications for Freight on the Vessel downward must be made to the Steam Boat Agent at Gowahuttee or Seraj Gunje, or at the nearest Station, by letter, describing the Goods to be despatched, their weight and measurement.

The Steam Agent will in reply, name the Boat in which he assigns tonnage, and if from any cause, as damage to the Boat, deviation from her intended voyage on unexpected demand on account of Government, a circumstance likely seldom to occur, the tonnage should be rendered non-available, the party for whom such tonnage has been registered must bear the inconvenience, and he will have no claim for indemnification by assignment of Freight in another Vessel to the detriment of any other person who may have engaged tonnage subsequently to the disappointed party, whose right to tonnage will be limited to such as may be available in the Vessel previously named, but in that Vessel, the claim to such tonnage as may remain available will be acknowledged according to priority of application. Thus the entire tonnage of a Boat may have been assigned in rotation by the Steam Agent to A. B. and C., after which the Government unexpectedly make a demand for more or less, the remaining portion will go to satisfy the claim of A. then of B. &c. The latter applications being thrown out partially or wholly, as the case may be.

The Agent will be instructed to acknowledge the applications made to him for tonnage in the following terms:—"Sir, in reply to your letter of the I beg to say tonnage for chests of Indigo and maunds of Sugar is assigned to you on the Registered No. of application."

The Agent is instructed to keep a correct Register of daily assignments, and to transmit a copy daily to the Controller of Steam Vessels.

The Boats will make the following stoppages, at different stations, during daylight :

At Burrisaul,	.	.	.	3 hours.
" Dacca,	.	.	.	4 ditto.
" Seraj Gunje,	.	.	.	4 ditto.
" Dewan Gunje,	.	.	.	3 ditto.
" Bugwah,	.	.	.	3 ditto.
" Gowalpara,	.	.	.	3 ditto.
" Gowahuttee,	.	.	.	48 ditto, clear.

Should Freight not be ready for shipment on the arrival of the Boat at the several stations, the Commander of the Steamer will have peremptory orders to proceed to the next Station.

Treasure laden on a Boat whose progress is arrested, will be retained on board until the Boat is enabled to proceed to her destination, unless the Consignees holding the Bill of Lading of such Treasure may require its delivery, giving a full

acquittance for the Treasure, and receiving such difference of Freight as may have been paid in excess of what would have been charged for conveyance of such Treasure to the place of its delivery.

The Steam Agents at the different Stations make no charge for landing Goods from the Boats into their Godowns; nor for shipping Goods delivered into their Godowns, provided such Goods are not merchandise, intended for traffick, nor animals nor machines for conveyance; for all such they will charge the following rates:

For embarking or landing a Horse, Cow or Bull, Rs. 2.

A Calf, Dog, Sheep, or Goat with or without Kid, Annas 2.

A Barouche, Phaeton, Palankeen Carriage, Britzka, Rs. 3.

A Buggy or Palankeen, Rupee 1.

When Goods are consigned to Calcutta, it is optional with Shippers to pay the Freight or to leave the same to be collected on delivery of the Goods. Freight must be paid to the Agent or Commander of the Boat for all Goods shipped away from Calcutta, and not deliverable at Calcutta. And no Packages will be received into the Boat Office for transmission on which Freight is not paid at the time.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 11th day of September 1847, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

Act No. XV. of 1847.

An Act for the Survey of Lands in the Town of Calcutta, within the Local limits of the Jurisdiction of Her Majesty's Supreme Court of Judicature.

Whereas it is expedient that a correct Survey should be made of all lands in the Town of Calcutta within the local limits of Her Majesty's Supreme Court of Judicature:

It is therefore hereby enacted, that it shall be lawful for the Governor of Bengal to appoint an Officer to Survey the lands situate within the said local limits, and such Officer shall proceed to Survey the same and to register the names of the owners and occupiers thereof as far as they can be ascertained, and such Officer shall, by public notification, invite all persons owning or occupying lands and tenements within the said local limits to appear before him in person or by duly constituted attorney at whatever place within the said limits his office may be held, and to bring with him all Pottahs, Ground Rent Bills, Bills of Sale, or other writings requisite for the ascertainment of the past and present boundaries of such lands.

II. And it is hereby enacted, that the said Officer shall for the purposes of this Act have full power and authority at all seasonable hours in the day time to enter or to direct his Subordinate Officers to enter into and upon any land or tenement within the said local limits, and in and upon the land on which any house, building or other erection is built or building or intended to be built, and into and upon any buildings or any part thereof without being liable to any action at law or suit in Equity, or any other legal proceedings or molestation whatsoever for or on account of such entry into, or of any thing done or to be done in any part thereof in pursuance of this Act. Provided, that such Officer or Subordinate Officers shall not enter upon any lands or tenements which may be occupied at the time unless with the consent of the occupier thereof, without previously giving the said occupier reasonable notice of his or their intention to do so. Provided also, that if any action shall be commenced in the Supreme Court against any such Officer or Subordinate Officer for any entry made or other thing done under the authority of, or in pursuance of this Act, it shall be lawful for him or them to plead the general issue and to give the special matter in evidence.

III. And it is hereby enacted, that if any person at any time shall obstruct or molest the said Officer or any of his subordinate Officers in the performance and execution of his or their duty, or any thing which they are required to do by or by virtue or in consequence of this Act, every such person so offending shall be guilty of a misdemeanour and shall on conviction before a Magistrate for the Town of Calcutta forfeit and pay for every such offence any sum not exceeding 200 Rupees.

IV. And whereas such notification as is directed by Section 1 of this Act, may not in all cases be effectual, it is therefore hereby enacted, that it shall be lawful for the Surveying Officer to cause any person owning or occupying lands or tenements within the said local limits, or his Agents or representatives, to be served with a special notice under his official seal and signature, stating the purpose for which the attendance of such person is required, and any document essential for the purposes of this Act which such person is to
